CATALOGUE
OF

Paints, Oils, Varnishes, Brushes, Artists' Materials, Plate and Window Glass, Mirrors and Beveled Plates, Painters' and Paper Hangers' Supplies

Established 1856 Incorporated 1901

JOHN C. POST'S SONS

52 S. Division St., cor. Ellicott St.

Buffalo, N. Y.

Introduction

In introducing ourselves we shall be very brief. Our experience in the business of selling paints, oils and glass dates back to 1856, when John C. Post (the father of Henry Post, James Post and Peter Post, who are the officers and directors of John C. Post's Sons), opened a store for the purpose of carrying on this line of trade, which he did successfully until his death in 1892, since which time the business has been conducted by his sons.

In preparing this catalogue we have aimed at making it as complete as possible, and on anything in our line that is not described herein we shall be pleased to afford such information as lies in our power.

Thanking our friends and customers for favors extended to us in the past, we ask for and will endeavor to merit a continuance of the same in the future.

JOHN C. POST'S SONS

Notice!

Do not mutilate this catalogue; it is only necessary to give a correct description of articles wanted.

We will pack all goods carefully and will make no allowance for breakage.

After delivery of goods to Transportation Company and obtaining receipt therefor, our responsibility ceases, and any claims for damages must be made on the Transportation Company.

All prices are subject to change without notice.

JOHN C. POST'S SONS

JOHN W. MASURY & SON'S

PAINTS AND VARNISHES

We have recently added to our stock a complete line of the goods manufactured by the old and well-known house of John W. Masury & Son. To those familiar with the paint business, this house and its goods need no introduction. A full description of the line we carry will be found in the following pages.

We think dealers will find it to their advantage to order these goods from us, as we carry a large stock and can make prompt shipments. We sell at manufacturers' prices. A considerable saving in freight charges may be made by having goods shipped from Buffalo instead of from New York.

Masury's Pure Colors, Ground in Oil

1-pound to 5-pound cans

Browns

Raw and Burnt Umber, per pound	$0.14
Raw and Burnt Sienna, per pound	.15

MASTICA
FOR GLAZING
Greenhouses, Sashes, Skylights, etc.
NEW OR OLD.
Also for Cementing Roof-Flashings
and Joints.
ELASTIC—ADHESIVE—EASY TO APPLY.
Not Affected by Dampness, Heat or Cold
MANUFACTURED ONLY BY
F. O. PIERCE CO.,
170 Fulton Street, NEW YORK
SOFT FOR MACHINE USE.
DIRECTIONS. If too thick for Machine, thin with Spirits of Turpentine
Patented July 14, 1896.

Mastica

For glazing greenhouses, new and old. Elastic, adhesive and easy to apply

The Advantage of MASTICA over Putty

Mastica is elastic and tenacious. In a few hours after use a skin or film is formed, preventing the evaporation of the oils and leaving it pliable for years.

On account of this quality, it admits of the expansion and contraction which is continual in the wood-work of a greenhouse, from moisture and heat.

Putty, on the contrary, becomes hard and brittle, and cracks off under the same circumstances.

Broken glass is more easily removed and replaced by new without the breaking of other glass, which often occurs with hard putty.

One gallon will cover about 290 running ft., one side.

Put up in gallons $1.25
Put up in half-gallons. 65
Put up in quarter-gallons. 35

Packed in cases containing 6 one-gallon cans, 10 one-gallon cans, 20 half-gallon cans, or 40 quarter-gallon cans. Barrels, about 22 one-gallon cans.

Mastica Machines, $1.25 each

Fac-Simile of the Dozen Box.

Hardtmuth's New Hexagon Drawing Pencils

The "Koh-i-noor"

(British Graphite)

In 16 degrees

BBBBBB	HB	HHH
BBBBB	F	HHHH
BBBB	H	HHHHH
BBB	HH	HHHHHH
BB		HHHHHHH
B		HHHHHHHH

Hexagon, Yellow Polish, stamped in gold on both sides, one dozen in box, as illustrated above.

8H to 3B, per gross	$15.00
4B, per gross	17.00
5B and 6B, per gross	20.00

In order that the Koh-i-noor may be readily distinguished from any other drawing pencil, it is made in a special Yellow Polish. The lead is immeasurably superior to anything hitherto produced. By a new process of manufacture the graphite assumes a highly compressed form, which secures for it remarkable lasting qualities.

French Charcoal

First Quality, 6 inches long; in boxes of 50 sticks, by box	$0.15

The WHITING BRUSHES

In these days, when the word "adulteration" is brought so much to the attention of painters and varnishers, and all the defects that come from goods made to sell and not to use bring condemnation by his patrons upon the head of the painter or varnisher who innocently uses these goods, it is a great pleasure to find a line of goods like the *Whiting Brushes* which always suits everybody.

The member of the craft who buys a brush stamped "John L. Whiting & Son Co." gets always more value than any other make, and has in that name, also, a guarantee of excellence not to be obtained under any other brand.

To make good brushes requires knowledge and training in brushes, just as much as the user requires education and skill in the particular art in which he wishes to use them.

The house of John L. Whiting & Son Co. knows brushes thoroughly, they have been their study and labor for many years, and they are sending everywhere, where brushes are used, the practical results of their endeavors. They have reduced the cost of making brushes to the lowest point, and, what interests the buyer more, is they have reduced the selling prices in the same way. They always save the buyer money by enabling him to get the *Whiting Brushes* cheaper than he can get those made by any other manufacturer, and at the same time the working and wearing qualities of the *Whiting Brushes* are better than can be obtained in any other made.

The particular points of the brushes they make are, therefore, lowest prices and highest quality. The *Whiting Brushes* are for sale in every city and nearly every town in the United States. Give them a trial and you will then have positive knowledge of the facts stated here.

Manufactured only by

JOHN L. WHITING & SON CO.,
BOSTON, MASS.

In ½-gallon cans .....$0.10 per gallon
In ¼-gallon cans ..... .25 per gallon
In ⅛-gallon cans .....$0.50 per gallon
In $\frac{1}{16}$-gallon cans ..... .75 per gallon

Masury's Varnishes

In 1-Gallon Cans

Palest Wearing Body Varnish

Palest Carriage Finishing Varnish ever produced, being practically colorless. It excels in freedom and safety of working, is brilliant, durable, and dries free from dust in about eight hours, "setting" so slowly that ample time is allowed to make a perfect job on the largest surface, and will be ready for use in about four days. Per gallon.....$6.00

Palest Medium-Drying Body Varnish

Similar to our Wearing Body in color, working and flowing, except that it hardens much quicker. Per gallon..... 6.00

Palest Hard-Drying Body Varnish

As pale as our Wearing Body, with same flowing and working qualities, though not quite so durable. Suitable for finishing hurried work. It is also a good five-day rubbing varnish. Per gallon..... 5.50

Palest Elastic Carriage Varnish

The very best Gear Varnish, of excellent working and flowing qualities. It sets slowly and will not wrinkle, and dries hard enough to prevent spotting, has a brillant and lasting lustre. Dries free from dust over night. Per gallon 4.50

One-Coat Carriage Varnish

A heavy boiled varnish, pale in color, though not so pale as our Wearing Body, especially designed for hurried work where the surface is not so well prepared. It dries so as to handle in about 24 hours. Is brilliant and wears well. Per gallon 4.00

Heavy Gear Varnish

Similar to, though not so pale as, One-Coat Carriage. Especially adapted for running parts of vehicles. Per gallon $3.50

No. 1 Carriage Varnish

Of a good heavy body, pale and durable, adapted for finishing with one coat. Per gallon..... 3.00

Palest Rubbing Body Varnish

This is the palest Rubbing Varnish produced, being practically colorless; it will be found of great service not only in connection with pale or delicate tints, but in all colors, as it will change the tone or shade of the original color less than any other rubbing. It is very easy to work and has remarkable flowing qualities. Will rub in about three days. Per gallon 4.50

White Rubbing Varnish

Similar to Palest Rubbing Body, but dries quicker and harder, being ready to rub in 36 hours. Per gallon..... 4.50

Quick Rubbing Varnish

May be rubbed closely in 48 hours without sweating. Per gallon 4.00

Hard-Drying Rubbing Varnish

A varnish of good working qualities, and may be rubbed in 36 to 48 hours. Per gallon..... 4.00

Masury's Varnishes, Etc.

In 1-Gallon Cans

Black Rubbing Varnish

Made from the best hard Gums and Ivory Jet Black. Rubs well in three days. Per gallon $4.50

Quick Black Rubbing Varnish

Same as our Black Rubbing, except that it hardens to rub in 36 hours. Per gallon 4.00

Japan Gold Size

A quick size for gilding, and a good dryer for color. Per gallon 3.00

Pale Japan

A good strong dryer, mixing readily with Raw Oil. Per gallon 1.50

Wearing Body Varnish

Per gallon $3.50
